

## NON-MEDICAL HELP DURING CORONAVIRUS PANDEMIC

During the Coronavirus pandemic, a group of volunteers in Whitchurch-on-Thames can help with getting shopping, picking up prescriptions, posting letters or parcels or just keeping in touch to check how you are. This is available to anyone regardless of age, etc. We can't help with medical questions and suggest using the advice from the NHS website.

We prefer you to request help via email to [WotVolunteers@gmail.com](mailto:WotVolunteers@gmail.com). We will take your details and someone will be in touch (so please don't forget to provide a contact number and your address!).

Volunteers are distributing a leaflet to each home providing phone numbers for those without internet access. So far we have 30 volunteers, listed below. Please let John Bradon ([john@jbradon.co.uk](mailto:john@jbradon.co.uk), 07789 944676) know if you want to be added to the list.
