Measurements

PCP to DSLAM:	2.7	Metres
DSLAM to Junction Box:	2.7	Metres
DSLAM Power Excavation to LV:	15	Metres
Pavement Width @ DSLAM:	1.9	Metres

Located DSLAM 2.7m from PCP to keep in line with existing cabinet and other street furniture and close to BT junction box, road crossing required for ducting to LV power across road. This is the only location for the DSLAM due to services and the footway opposite is too narrow.
