

Dear Resident.

May 2017

Survey of Village Parking

Traffic in the High Street has become more and more of a problem and is likely to get worse without some action by the residents. The perception is that the majority of the parked cars causing the problem are from outside the Village and are parked for access to Pangbourne Village and Station avoiding Bridge and parking fees. There is also the quandary of High Street residents who own cars but do not have off- street parking.

The purpose of this survey is to find out the **facts** so that a plan can be devised to reduce the risk of rush hour traffic jams, anti-social behaviour and cars going too fast up and down the High Street so as not to hold up other cars who give way. There are also the concerns of those crossing the road with small children who, because they are behind solid lines of parked cars, cannot be seen by motorists.

If everyone would co-operate by completing the attached survey the Traffic and Parking Action Committee, formed under the banner of The Village Plan, can begin work on a scheme to improve matters. This may incorporate ideas such as designated resident parking spaces and a pedestrian crossing in the High Street near Eastfield Lane. There appears to be little money for public works but if we work together mountains may be moved.

Rachel Hatcher, Jonathan Steward, Denise Huxtable, Maureen Anne O'Brien, Angela Browning and Diana Smith.

All information given will be treated as **confidential** and will not be passed to third parties.

Name

Address

Tel. No.

	(tick)
Number of cars owned by household.	1.
If parked on the public road please give registration numbers.	2.
	3.
	4.

Where are cars parked?

Do you have any off-street parking?

Do you have any regular visitors who need to park on the road? (eg carers, deliverers)

Any other comments/ ideas?

Please return completed survey to Diana Smith, May Cottage, Eastfield Lane,
Or email dianasmith8@btinternet.com to ask for it to be collected by a member of the Committee, by Sunday 9 July.
Thank you.
